

Jon gives a live-streamed worship message each Sunday at 10:30 am via our Facebook page. Please join in via Facebook.

**Www.facebook.com/firstfriendskokomo**  
Paper versions of the messages will be sent to those without Facebook or email.

Donations can be made via the website:

**<https://kokomofirstfriends.org>**

By clicking "Donate" at the top of the page.

Checks can also be mailed to the office.

We will be communicating more frequently via email, so be sure to check for updates in your inbox.

If you have any questions or comments, there are many ways to **safely** send us a message: message us on **Facebook**, email us at: **first.friends@sbcglobal.net**, call Jon **(765) 210-3457** or call the office **765-453-9490**.

**To keep social distancing measures during the work week**, please make use of calling the office or emailing rather than in-office visits. We are checking emails and phone messages frequently and are quick to respond. Please leave a message if calling after hours, **765-453-9490**, or email at **first.friends@sbcglobal.net**

This practice helps to keep everyone safe, limits exposure and the cleaning that has to be done after in-person visits.

Committee meetings will be held via Conference Call  
Until further notice.

### Prayer Reflections

Please **PRAY** for those affected by **COVID-19**

\*For the homeless, unable to practice the protocols of social distancing in the shelter system:

Protect them from disease, and provide isolation shelters in every city.

\*For the young and the strong: God, give them the necessary caution to keep them from unwittingly spreading this disease. Inspire them to help.

\*For our vulnerable populations: God, protect our elderly and those suffering from chronic disease. Provide for the poor, especially the uninsured.

(Galatians 5:22-23, ESV).*

People ages 65 and older AND people who have underlying chronic medical conditions like heart or lung disease or diabetes are at a higher risk for developing more serious complications from COVID-19 illness and are encouraged to still stay at home.

To protect yourself and others, stay at home, practice good hygiene, clean and disinfect surfaces, wear a mask if you are around another person outside of your own household, wash your hands frequently, and practice social distance of staying at least 6 feet from other people while wearing a face mask. Make use of technology and the phone to communicate and stay in touch with others, via email, Facebook, conference calls, etc. Follow the guidelines of the CDC. Below is their website.

**Remember to Practice Social Distancing**

**Wear a face mask** in public and when around others that are not in your household.

**Stay 6 feet away** from those that are not in your household.

**Use hand sanitizer when entering the Meeting House** and after touching surfaces or your face.

**Sanitize surfaces** that you have touched, door knobs, light switches, books, pews, desk tops, etc. or use a paper towel to handle items or wear gloves.

**Stay home** when at all possible and make use of safe communication options to protect others: phone calls, email, text, letter, cards, Facebook.
