

Spike in Covid19

Please help to keep everyone safe by avoiding in person visits when at all possible.

Make use of calling or emailing the office, rather than in person visits.

Each time someone enters the Meetinghouse, there is an airborne risk of spreading the virus via talking, breathing, coughing, etc. and anything that the visitor touched has to be cleaned after they leave.

Being that there is a risk of spreading the virus when people meet in person, please limit this risk by staying home as much as possible, wearing a mask around others, keeping social distance with others, washing hands frequently, & using hand sanitizer.

Communicate safely with the office by either emailing:
first.friends@sbcglobal.net
 or by calling **765-453-9490**.
 Facebook messaging works, too!

A big thank you to all those who donated face masks to the Operation Christmas Child shoe boxes!
 We really appreciate the great response!

NOVEMBER Birthdays

- Steve Sanford, 11/5
- Alan Harnish, 11/7
- Bret Rivers, 11/8
- Peggy Rivers, 11/11
- Annabella Beedham, 11/12
- Don Silvey, 11/18
- Liz Nielander, 11/22
- Carol Silvey, 11/26
- Ashby Holston, 11/30

Harvest Dinner

Due to an upsurge in Coronavirus cases, there will be no Harvest Dinner. It is with an

abundance of caution for the safety of all concerned that this decision has been made. Let us be thankful at home with a small family group and look forward to a time when our church family can safely gather again.

Monthly Meeting, Next Sunday, Nov. 22nd. at 11:45 am
Conference call participation is available, call: 701-802-5466
Access code: 7436271

American Red Cross

Minimize the Risk of Spreading Covid19

CDC Information

Use the provided hand sanitizer as you enter the Meetinghouse.

To help prevent the spread of COVID-19, everyone should:

- * Avoid touching things, surfaces, books, equipment, etc. that are used by others.
- * If you touch something that is also used by others, disinfect it when you are done so that it will be clean for the next person.
- * Clean your hands often, either with soap & water for 20 seconds or a hand sanitizer that contains at least 60% alcohol.
- * Avoid close contact with people who are sick.
- * Put distance between yourself and other people (at least 6 feet).
- * Cover your mouth and nose with a mask when around others.
- * Cover your cough or sneeze with a tissue, then throw the tissue in the trash & wash your hands or use hand sanitizer.
- * Clean & disinfect frequently touched objects & surfaces: Phones, canes, walkers, keyboards, car keys/fobs, doorknobs, etc.
- * Avoid unnecessary trips. Make use of technology/phones/mail/ email to help keep social distance and avoid the risk of catching or spreading infection.

We can all do our part to protect others and slow the spread of Covid19.

THANKS

TO THOSE ON THE FRONTLINE OF COVID-19
